Empowering ADHM Students: Insights from the JRP Workshop

The journey to achieving excellence in the Advanced Diploma of Hospitality Management (ADHM) can be challenging, but collaborative learning opportunities make the process smoother and more rewarding. To support and guide our students, we recently organized an engaging and insightful workshop focusing on the Job Ready Program (JRP) process and interview preparation.

This workshop was a platform for knowledge-sharing, featuring successful ADHM graduates who had already cleared their JRP and aced their interviews. They generously shared their personal experiences, strategies, and lessons learned to help current students prepare for their own paths.

The workshop concluded with a lively Q&A session where students asked questions about their concerns, from time management during the JRP to specific challenges in the workplace.

The feedback from attendees has been overwhelmingly positive. Students expressed how the workshop boosted their confidence and clarified their doubts about the JRP and interview process.

DEDICATED SECTION TO ASLI 'S SHINING STARS

My Journey at ASLI

Hello everyone, My name is Simran, and I am currently studying Certificate IV in Commercial Cookery at ASLI College. I wanted to take a moment to share my amazing experience as a student here and the journey that has shaped both my skills and confidence in the culinary world.

Being a part of ASLI College has been one of the best decisions of my life. The support and guidance I have received from the trainers, staff, and management have helped me grow as a chef and as a person. Every day, I learn something new, not only about cooking but also about teamwork, creativity, and attention to detail.

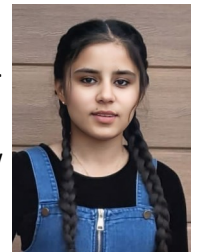

This year, I had the privilege of participating in the ASLI Master Chef Competition 2024. While I didn't win the title, the experience was nothing short of incredible. Competing alongside such talented peers pushed me to step out of my comfort zone and take my skills to the next level. I learned the importance of time management, presentation, and the power of a well-thought-out dish.

The feedback from the judges was invaluable, and it gave me a fresh perspective on how to refine my techniques. I now feel even more confident in my abilities, and these lessons have already started helping me in my studies and future career goals.

I would like to thank the ASLI College management, my trainers, and the judges for organising such a fantastic event and for supporting students like me every step of the way. Your encouragement and constructive feedback mean the world to us and motivate us to keep improving.

To anyone considering a career in cookery or hospitality, I can confidently say that ASLI College is the place to be. The learning environment is so positive, and the opportunities provided here will truly shape your future.

Thank you all for being part of my journey. I am excited to see what the future holds, and I wish all my fellow students the best for their own paths.
