KEEP YOURSELF AND ASLI UPTO DATE

We hope you are enjoying your student journey at ASLI. As we all know during the pandemic and strict lockdown, we all missed visiting our loved ones. This was harder for those who have a family and friends residing overseas including our international students. We are happy to see families reuniting but we also want our students to always consult with our student support team prior to planning their overseas trip. International student visa holders can only take a break under approved compassionate or compelling circumstances. If you are traveling overseas without taking prior approval from the institute will be in breach of their VISA conditions. This could lead to the cancellation of your COE and you may be stopped by immigration authorities when entering back into Australia at the port of entry. So please speak to our student support team via sso@asli.vic.edu.au (SSO) for more information.
